## Abstract

This speech has divided into 3 different topics. Firstly, we will introduce for "STANDARD GRAPHENE Inc.", what it is and what it does. Secondly, we will talk about Graphene products, graphene oxide(GO), reduced graphene oxide(rGO) and its solutions. And lastly, we will be giving personal thoughts on some of the challenges and future directions of the Graphene industry. Compared with all other speeches whole this conference, this speech will not be as technical but it will be more concentrated on commercial point of view.
