

## HANDY APPLICATIONS OF NANOPARTICLES, READY TO USE NANOPRODUCTS

TECNAN produces and commercializes at industrial scale advanced nanoparticles for multisectoral applications as well as other nanoproducts base on them. Thanks to its wide experience in nanoparticles dispersion and treatment, the company has achieved the direct introduction of nanotechnology into the market offering a broad range of technical solutions for different sectors by means of a line of ready to use nanoproducts which are focused on different substrates:

- **GLASS Substrates:** TECNAN presents outstanding solutions for glass substrates endowed with properties such as hydrophobicity, hydrophilicity or heat barrier properties. There are available solutions for both outdoor and indoor glass surfaces. (TECNADIS GWR, VETROSMART, TECNADIS SELFCLEAN, TECNADIS INDOORSHIELD, TECNADIS HEATSHIELD)
- **POROUS Substrates:** TECNAN offers different solutions to protect construction materials against water, graffiti, oil and stains. These products are totally transparent, maintain the materials breathability, do not react with substrates, have an **excellent performance** and present long durability, always **at very competitive prices**. (AQUASHIELD Ultimate, TECNADIS PRS PERFORMANCE, TECNADIS AQUAPORE, TECNADIS GRAFPROTECT)
- **METAL Substrates:** TECNAN provides advanced solutions to prevent dirt particles and food leftovers from sticking on the metallic surface thus enabling an **easy cleaning**. These transparent solutions also show good resistance to acids, bases and solvents keeping the natural colour and structure of the metallic surface. (TECNADIS METALCOAT ETC)

### Message to visitors

TECNAN S.L. is interested in distributors who can introduce its products into different markets and clients from the construction sector such as building companies, rehabilitation and restoration companies, construction materials manufacturers, cleaning and maintenance companies; from the glass sector such as windscreen repair companies, workshops, glass manufacturers and processors, car manufacturers; and from the metal sector.

### **Visit TECNAN at: Spanish Pavilion - East Hall 6/Booth 6P-23**

Tecnología Navarra de Nanoproductos S.L. (TECNAN S.L.)

Address: Área Industrial Perguita, Calle A nº1, 31210 Los Arcos (Spain)  
WEB site: [www.tecnanshop.com](http://www.tecnanshop.com)  
Activity area: Industrial Nanotech production & RTD  
Main Activity: Production of nanoparticles and final nanoproducts  
Contact person: Claudio Fernández Acevedo (Chairman of the Board)  
Phone: (+34) 948 640 318  
Fax : (+34) 948 640 319  
Email: [tienda@tecnanshop.com](mailto:tienda@tecnanshop.com)
