

Laboratory Technician

Job Summary

Applications are invited for a laboratory technician position funded by a Spanish government (Proyectos I+D+i «Retos Investigación» program). The candidate will join the Regenerative Medicine laboratory at CICbiomaGUNE and will help in the correct development of the ongoing project aimed to deliver tools for bone and cartilage tissue engineering applications.

The candidate will perform wet lab work of materials characterization, cell culture testing for bone and cartilage differentiation purposes according to the requirements of the project.

Education Level:

Applicants must have a BSc in Chemistry, Biochemistry, Biophysics, Biology or a related discipline.

Skills:

Previous experience in protocols related to bone and cartilage differentiation, biomaterials testing and/or molecular biology is a plus.

Duration:

The position is full-time fixed-term 6 months contract, until June 30th 2022.

Application Deadline: 2021-12-31

Project Funding:

- MESEMSTEM - RTI2018-101708-A-I00 - (Agencia Estatal de Investigación - AEI)

About CIC biomaGUNE

CIC biomaGUNE, located in the Science and Technology Park of Gipuzkoa (Donostia-San Sebastián), is a leading research center in the area of bionanomaterials, molecular imaging and regenerative medicine and counts with more than 160 people from 24 countries. The activity of CIC biomaGUNE is conducted by a team of 11 international and dynamic research groups, supported by flexible and efficient management teams and a unique research infrastructure including the Molecular Imaging Facility, one of the biggest preclinical imaging research infrastructures in Europe.

CIC biomaGUNE maintains a vibrant weekly scientific seminar program by visiting leading scientists. Additional training in soft skills and technologies covered by the CIC biomaGUNE technical platforms is offered to researchers within the in-house training program.

CIC biomaGUNE is committed to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (Charter and Code).
