

Postdoctoral Scientist contract offer

We are looking for candidates interested in a Postdoctoral Scientist position to join the research groups of Prof. MJ Alonso and Prof. N. Csaba, at the Center for Research in Molecular Medicine and Chronic Diseases ([CiMUS](#)) of the University of Santiago de Compostela (USC), Spain within the project:

“Innovative nasal vaccines to prevent pathogen colonization and infection in the upper respiratory tract”
NOSEVAC - HORIZON-HLTH-2022-DISEASE, 2023-2028

Application Requirements:

- PhD in an appropriate discipline (Pharmacy, Biochemistry, Biomedical Engineering...).
- Previous experience in micro/nanoencapsulation, with emphasis in polymer-based delivery systems and encapsulation of biomolecules (antibodies, peptides, proteins, oligonucleotides, nucleic acids) and related analytical techniques
- Excellent writing and presentation skills.
- Upper intermediate level of English or higher.

Previous experience working in industry and/or as a scientific project manager will be acknowledged.

Contact

To apply, please send your CV and cover letter to Noemi Csaba (noemi.csaba@usc.es) and Purificación Domínguez (purificacion.dominguez@usc.es) with the subject **“Postdoctoral position offer”**.

Application deadline: October 15th, 2023
