The [E-Nano Newsletter](#) is a three monthly printed magazine published by Phantoms Foundation providing scientific articles, reports and general information in the field of Nanoscience and Nanotechnology (N&N). This newsletter also publishes relevant information about Projects funded by the European Commission. The first issue was available beginning of June 2005.

The E-Nano Newsletter has a circulation of 1500 copies, delivered:

- Among 1000 European Research groups.
- In International events (Nanotech Japan, Taiwan Nano, Rusnanotech, ImagineNano, TNT – Trends in Nanotechnology, Nanospain, Graphene)
- Free WEB-based pdf version to download.

The website (www.phantomsnet.net) also receives around 10.000 visits a month and is a crucial source of information related to the nanotechnology field.

This newsletter brings readers the latest news, research articles and resources from the Nanotechnology world.
